Welcome

Welcome to the KLĒR knowledge base!

KLĒR is the most complete Cannabis Operations Management Software available, with seed-to-sale tracking, product production, toll processing, employee management, menu displays, reporting and data tracking, and much more! As you can imagine, there is a lot to learn when it comes to getting the most out of KLĒR. This knowledge base will walk you through all of the most important aspects of the software.

Before you jump into learning the main functionalities of the system, this "Start Here" section will help you gain a basic understanding of how the modules in KLĒR work together. This will provide you the necessary context to understand the more detailed information in the rest of the knowledge base.
